## Walk through the “Old Vienna“

Meeting point: Technical University Vienna, Getreidemarkt 9 / A-1060 Vienna

The purpose of this walk is to present parts of old Vienna that cannot be shown to the visitor in the course of a regular sightseeing tour by bus. Starting at the Technical University, our walk takes us past Museumsquartier with Vienna's two biggest museums (museum of art history and museum of natural history). From there our way leads us to the Imperial Palace, the winter residence of the Imperial family. After a walk through the Volksgarten, we lead you through small lanes and yards, which really provide us an impression of the old Vienna to St. Stephen's Cathedral, where our tour ends.
